HUNTSMAN TO CREATE GLOBAL BUSINESS CENTRE AT WYNYARD

Tees Valley Unlimited is working to attract jobs and investment to our area. To this end, we've created a free, online guide for companies around the UK, to showcase our offer and capabilities in the offshore wind supply chain.

Tees Valley has all the ingredients to become a location of choice for the offshore wind industry. The existing strengths in offshore and subsea work, as well as a proven track record in delivering large-scale civil and marine engineering projects, puts the area in a strong position. Tees Valley is in pole position to serve the Dogger Bank - one of the largest Round 3 windfarm zones, some 60 miles off the Northeast coast – as well as offshore wind projects worldwide.

To find out how Tees Valley can help position your company at the front of a growing UK industry, read on:
